Mechanic-on-Duty Membership Now Offered to Katz JCC Members

With one card, Katz JCC Members can gain peace of mind at the auto repair shop

July 30, 2010 (Cherry Hill, NJ) – New Jersey motorists finally have a resource that can help to reduce their anxiety, financial risk and exposure to fraud when it comes to auto repairs. Mechanic-on-Duty (MOD), a membership services company, serves as a true advocate for motorists. One group now benefitting from MOD services is Katz Jewish Community Center in Cherry Hill.

The MOD membership will offer any member of Katz JCC the opportunity to take advantage of a special brand of customer service. Just by the dialing of a phone number, a MOD member has access to expert repair technicians guiding them through repair questions, repair estimate confusion, or any other vehicle maintenance issue.

“I am thrilled to be partnering with the Katz JCC to offer our services. The Katz JCC is a wonderful organization, and is all about serving the community and doing good for their membership base,” says Martin Conlon, CEO of Mechanic On Duty.

“The Katz JCC is proud to partner with such a superb company as Mechanic on Duty. We feel that our employees and members will truly benefit from the service that they provide,” says Brian Adler, Development Director at the JCC.

Background on MOD

If you’ve ever experienced trepidation at the auto repair shop, not sure you were being treated fairly, or if you are being quoted a fair price; MOD ends that confusion. What if you could have someone with years and years of knowledge and expertise at your fingertips, while you stand with your mechanic or repair person, saving you time, anxiety and needless worry? That is what a Mechanic-on-Duty membership can do for consumers.

As an affordable, membership-based service, MOD provides the motorist with unlimited access to its in-house team of professional auto repair specialists. When a consumer becomes a MOD member, our repair specialists work with the consumer’s repair person, to determine three main points:

- 1) Establish that the proper diagnostic approach was utilized for your vehicle.
- 2) To audit the facility’s cost to repair the vehicle.
- 3) To determine if the vehicle is at the right type of repair facility given the nature of the repair.

MOD Partners with Katz JCC

Since its founding, Mechanic-On-Duty has been the premier advocate for motorists when it comes to costly auto repairs. MOD does not generate any revenue from auto repair industry sources. To enroll online, visit www.mechaniconduty.com or call MOD at 1-888-690-5663.
