

For Immediate Release

Mechanic-on-Duty to Support the Foodbank

The Motorist's Advocate announces support for local community group

August 11, 2009 (Toms River, NJ) – Mechanic-on-Duty, LLC, as part of its commitment to support the communities in which it does business, has announced that it will make a \$5.00 contribution to The Foodbank of Monmouth and Ocean Counties for each new annual subscriber to the company's services between now and the end of calendar year 2009. "My wife and I have been real fans of the work done by the The Foodbank over the years and we'll be thrilled to have Mechanic-on-Duty make this contribution within our community", said Martin E. Conlon, the company's Founder and CEO.

Since its founding in 2008, Mechanic-on-Duty has been the premier advocate for motorists when it comes to costly auto repairs. MOD provides motorists with unlimited access to its in-house team of professional auto repair specialists; real time access to real people with real knowledge - each member's own "Mechanic-on-Duty." MOD approaches its involvement in each car repair with the same three goals in mind: to ensure that the proper diagnostic approach is utilized; to determine if the vehicle is at the right type of repair facility given the nature of the repair and, ultimately, to "audit" the repair facility's cost to repair the vehicle.

New members have two options when joining MOD. They can pay their membership fee monthly for just \$6.99, or \$75.50 for annual membership. Annual members are also eligible to join a nationwide 24-Hour Emergency Roadside Assistance program for an additional cost of \$49.95. To enroll online, visit www.mechaniconduty.com or call MOD at 1-888-690-5663.

For additional details, please contact: Sandra C. Warren, Director of Communications, Mechanic-on-Duty, LLC, 44 Washington Street, Toms River, NJ 08753, (1.888.691.8663 or swarren@mechaniconduty.com).
